

# We can't wait to meet you!

Each spring we begin planning for our next season of singing, friends, performances, and fun, through a world class choir experience.

Our alumni always tell us their Shallaway experience is **life changing**, and a really important part of their childhood. Not only the memories, travel, friendships, and experiences, but all the other life skills choir helps to build. Our parents tell us Shallaway is a **confidence builder**, a **leadership opportunity**, and always part of the **joy** in their child's life. A skill builder of **excellence and commitment!**

**shallaway**  
YOUTH CHOIR

During Covid, we have continued to operate in-person as allowed and virtually (quite successfully!) during Covid lockdown periods. We have been so lucky to have a fairly normal operating year and look forward to continued success (and the return of live shows!) as soon as public health permits.

## The Advantages of Shallaway – perspectives from our community:

- ***Our staff + our faculty!*** Our instructors want your child to grow in song and are world class educators, leaders in the choral community and conductors. Kids absolutely love them!
- ***World leaders in supporting cultural exchanges:*** we look forward to the return of touring as soon as it is possible to do so! For decades, we have connected with other cultures around the world through an active program of reciprocal relationship building. Past tours have included performance and educational immersion in other parts of Canada, North and South America, Africa, Britain, Scandinavia, and Europe.

- ***Live performance opportunities!*** Each year we perform with and for amazing people like, Alan Doyle, Tim Baker, The Ennis Sister, Eastern Owl, and President Obama! We also regularly premier new works by Canadian and international composers.
- ***Leadership opportunities:*** since the early days of Shallaway, we have focused on building leadership character and fostering excellence through mentorship. We offer robust apprenticeship and placement opportunities that allow our choristers to take risks, grow and learn in a safe, supportive environment.

Book your audition now at [www.shallaway.ca](http://www.shallaway.ca)

Space is limited and with the return of a new normal, we expect audition spots to fill very quickly.  
We can't wait to share what we have in store for 2021-2022.
